#### DESCRIPTION OF OUTSTANDING RECORD PERFORMANCE IN AEROMODELLING - Please Print

Ing. Jan KOTUHA (62) by profession a professor at a technical high school in his hometown of Spišská Nová Ves. During a long and fruitful modelling career, which spans over five decades, Jan Kotuha achieved outstanding Sporting results:

- 4x the title of individual World Champion,
- 3x Vice World Champion,
- 3x the title of individual European Champion,
- 4x European Vice-Champion,
- 3x European second Vice-Champion.
- Over 14x the title of National Champion,

Over a dozen Team medals (including team World and European titles) at World and Continental Championships.

Jan Kotuha largely contributed to the development of space scale models, from active development of technologies that increased the quality of scale models, up to developing staging techniques, which are used by modellers worldwide. Beside big contributions in developing models, Jan Kotuha contributed in a big manner to the improvement of scale judging logistics and set the standards for the modern used scale judging software.
