Fully supported by: **German Parachuting Association (DFV)**

Malte Völlmecke - CEO Erlebniswelt München Betriebsgesellschaft mbH

Thomas Spielvogel - Director Windtunnel & Activities

Sylvia Maier - Manager Windtunnel Operations

Eva Metzner - Marketing Coordinator

The organizing committee has many years of experience in organizing events i.e.

- Indoor Ski Events
- Outdoor Parachuting Events
- Media Events (TV, Radio)

For all events we had sponsors, media and partnerships.

In preparation for the event **3rd Indoor Skydiving World Championships** we are applying to host a number of Indoor competitions like German Indoor Nationals etc. (regional championships)

2. Event Details

2.1 Full name of the Event: 3rd FAI World Indoor Skydiving Championship

2.2 Approval of NAC: Approval of NAC/BKF is granted. No other approvals necessary.
(NPF = DFV is fully involved!)

| <i>Author:</i> | Thomas Spielvogel, | Agenda ref. - | 20.2.5 |
| <i>Date:</i> | 30 November 2016 | Total Pages - | 6 |

2.3 Disciplines to be contested:

Formation Skydiving:

- 4-way FS (open, female, junior)
- 4-Way VFS (open, junior)

Artistic:

- Dynamic 2-way (open, junior)
- Dynamic 4-way (open, junior)
- Freestyle (open, junior)

In regard that the 3rd FAI World Indoor Skydiving Championship is three years ahead, we are flexible to include more disciplines in this event (i.e. 4way VFS female).

For sure we will have more information after the 2nd FAI World Indoor Skydiving Championship in Montreal. We know we have to be open minded because Indoor Skydiving Championship is still a young event and it is possible that further development will occur in the near future.

3. Event Dates

The organizer intends to carry out the 3rd FAI World Indoor Skydiving Championship from November 06-10, 2019.

The reason for this date is that in and around Munich there are a lot of trade fairs until the end of October and accommodations therefore can be a problem at that time.

- November 6, 2019: Arrival of Judges and Delegations, registration and open training period
- November 7, 2019: Judges' conference, arrival of Delegations, registration, official training period, opening ceremony, competitors' and team leaders' meetings
- November 8, 2019: Competition
- November 9, 2019: Competition and closing ceremony
- November 10, 2019: Departure of Delegations

4. Event Location

Erlebniswelt München Betriebsgesellschaft mbH (Jochen Schweizer Arena) is located in Taufkirchen, only 12 kilometers from downtown Munich. Munich itself is one of the most famous Cities in Germany and in 2015 there have been more than 14 million tourists.

4.2 Access to Location by Road, Rail and Air

By Road

Jochen Schweizer Arena is located right next to Autobahn A8, exit Taufkirchen Ost. From the Autobahn you can see the tower of the windtunnel with a big JOCHEN SCHWEIZER logo.

By Train

For competitors (and others) who are arriving by train, train schedule is available (<http://www.bahn.de>)

Trains stop at Munich Main Station, from there take either S3 to Taufkirchen (5.3 km to the Arena) or S7 to Ottobrunn (3.4 km to the Arena). You will be picked up by our staff. <http://www.mvv-muenchen.de>

By Air

Munich Airport "Franz Josef Strauß" is located north-east of Munich which is approximately 50 km away from our windtunnel. From the airport you can take S8 to Ostbahnhof (33 minute ride) and then S7 to Ottobrunn, there you will be picked up. On the other hand you can find many rental car agencies at the airport. <http://www.munich-airport.de>

5. Details of Comprehensive Insurance

Erlebnisswelt München Betriebsgesellschaft mbH has comprehensive liability insurance. If Erlebnisswelt München Betriebsgesellschaft mbH will host the 3rd FAI World Indoor Skydiving Championship it will be easy to have more insurance if necessary. Our event center which is included in the Jochen Schweizer Arena we do have sufficient insurance for events anyway.

6. Details of Insurance Required by Participants

Erlebnisswelt München Betriebsgesellschaft mbH does not require tunnel flyers to carry third party liability insurance. Each participant will have to sign a Participant Undertaking and Risk Acceptance Statement.

Competitors will however be responsible to get their own travel medical insurance.

Competitors under the age of 18 will need a permission of their legal guardian.

7. Proposed Entry Fee

All pricing for the event has been made in regards of the current IPC rules.

7.1 (Maximum) Entry fee (per competitor):

All disciplines 740 Euro + FAI/IPC Sanction fee (90 Euro)

Alternate team member 600 Euro + FAI/IPC Sanction fee (90 Euro)

Additional Event (per competitor) 40 Euro*

* If a competitor is registered for more than 1 event, the additional event fee will apply to each additional event in addition to one full entry fee. The competitor registered in more than one event has to pay only one time the FAI sanction fee (to be determined).

9. Facilities

On the 4th of March 2017 the Jochen Schweizer Arena will open its doors to the public. The Arena is located in the South-East of Munich and from an aerial view the whole Arena looks like a rotor. Each blade is built to represent a different activity. We can have 1200 people in total at the same time in the Arena.

The **Surf Blade** contains our Indoor Surfing Wave, which can be mounted up to 1.40 m. It's the first stationary Indoor Wave in Germany.

The **Wind Blade** includes our indoor bodyflying facility, it's the first of his kind with an unique technology. The round glass part is 5.90m high, the diameter is 14.5 feet and the tower has a height of 30m. In this blade there are also 3 conference rooms (2x25qm, 1x18qm) and a sanitary facility which can be used by the judges. The Wind Blade also has a second floor with about 75qm open space, from here there is a perfect view into the tunnel. All preparation activities such as creeping can either be done in the Event Blade or the Wind Blade itself.

The third blade (**Event Blade**) making the Arena exclusive is the 300 m² event location, the flexibility of this space will be demonstrated by the multi-use during the whole competition. The opening and closing ceremony will be carried out in this Blade, providing all technological assets to make it memorable. Our Kitchen Chief and his crew will provide a healthy lunch and dinner for all athletes and judges that will be served in the Event Blade. The second floor of the Event Blade contains the locker rooms, bathrooms and showers.

The Outdoor Facilities of the Arena allow athletes, visitors and the judges to go for a walk, have a sit outside and if the weather allows even take a glimpse at the Alps.

10. Wind Tunnel

The Jochen Schweizer Arena Windtower is 30 m high, including a glass flight chamber which is 5.9 m high and has a diameter of 4.42 m (round) with an innovative and specially created technology. For the different disciplines we can adjust the airflow, by regulating our four ventilators (each 330HP), up to a wind speed of 285 km/h.

Even with over 200 competitors, the competition can easily be done within 2 days.

11. Pre Event Training

We offer training blocks for all teams and competitors for 660 Euro per hour including taxes, this can be split up into several periods. That means you can fly 1, 2, 10 min - you do not have to buy 1 hour!

Prices are subject to change according to the energy prices.

12. Outline of Media Plan

Due to the location close to Munich the Jochen Schweizer Arena has the possibility to get in contact to many local and national TV- and radio stations. Jochen Schweizer is a big and well-known Company in Germany, especially in and around Munich. Due to the fact that the Headquarter is located in Munich, the awareness here in the South of Germany is even greater.

As soon as we get the approval for carrying out the 3rd FAI World Indoor Skydiving Championships we will start a promotion and marketing marathon in order to achieve as much media attention as possible. Using our existing database of Jochen Schweizer we will be able to quickly and efficiently spread the news via various channels. Our network has actually over one million clients. Acquiring Sponsors, organizing PR and the Social Media presence for the whole event will be done using all of the company's resources.

13. Judging equipment

The organizer will be able to use the "Intime scoring system" purchased by the DFV. Our flight chamber is equipped with up to 4 cameras that cover the necessary angles for all disciplines and they can be hooked to the Intime system. For Dynamic flying we will test the necessary lighting system in the pre-events prior the 3rd FAI World Indoor Skydiving Championships and we are certain that we will have the best and newest version of software for the scoring system.

14. Public Address System

A sound systems is preinstalled and can be used to make announcements all over the building. Our Arena has monitors that are located in all Blades and they can be used for live judging/scoring.

15. Arrangements for Medical Care

Jochen Schweizer Arena provides a First Aid Care including a CPR responsible person during the entire event. Ambulance services including fire fighter and the police will be available through 110 emergency calls. Klinikum Neuperlach is stationed 7.8 km away from the Arena and therefore medical support can be granted in a short period of time.

16. Proposals for Event Officials

Travel costs, food and lodging for the FAI controller, the chief judge and the assistant to the chief judge will be covered by the Jochen Schweizer Arena. All other judges will be provided with food and lodging.

17. Details of On-Site Communications

Communication outlets via phone and internet are provided by the Jochen Schweizer Arena, internal and external communication is fully secured.

18. Rules/Opening hours

The latest versions of Sporting Code Section 5 applies. Also applies the latest version of the competition rules for Indoor Formation and Vertical Formation Skydiving, Freestyle and 2way and 4way Dynamic flying. It is mandatory required that all competitors wear a helmet during their performances. Opening hours for the "Jochen Schweizer Arena" are 24/7.

20. Medals

The organizer will decide about supplying own medals or FAI medals after having got the final approval for carrying out this Indoor Skydiving Championship.

If we supply our own medals it will be in accordance with FAI rules and expectations.

Although we try to gain further prices from Sponsors, including price money.

21. Anti-Doping Requirements

In case of a change in rules and regulations by the FAI and IPC, the Jochen Schweizer Arena would be able to fulfill the requirements of providing a drug test venue on site prior and during the competition.

22. Additional Information

22.1 FAI Judge Training Course

In the current state of organization a FAI Judge Training Course is not implemented, nevertheless if it is requested by the IPC Judges' Committee it can be realized prior to the competition by the organizer.

22.2 Competitors Registration

Jochen Schweizer Arena will host the www.wisc2019.com website where competitors will have access to a custom page, which will enable them to register online. Online registration will include forms, travel details, important information and registration fees.

www.wisc2019.com will also be the central location where all information about the competition can be found including the live stream broadcast of the event and final scores.

22.3 Ceremonies and Awards

Jochen Schweizer Arena will host the opening and closing ceremonies in-house. The closing and award ceremony will be held on 9th of November after the completion of all events in the **Event Blade** providing a banquet dinner and entertainment.

22.4 Gifts

Each competitor, delegation member, official and accompanying person will receive an extraordinary goodie bag at the beginning of the 3rd World Indoor Skydiving Competition 2019. These will include a branded event T-Shirt, gifts from Sponsors as well as promotional items.
