PARACHUTISME**

FRENCH PROPOSAL TO MODIFY SC5 REGARDING COMPOSITION OF DELEGATIONS

Reason

Currently the composition of delegations is contained in the Competition rules.

4.4.2(2) The composition of the National Delegations and Teams, i.e. the number of teams or individual competitors and their sex, and the number and function of other delegation members, is prescribed in the Competition Rules.

There is no standardisation across the disciplines. Delegations, in addition to competitors, can currently include:

Head of Delegation	All disciplines
Team Manager	All disciplines
Team Coach	S&A
Interpreter	S&A
Media Members	Paraski
Ski Coach	Paraski

There is no allowance for Multiple FCE's where, for example, a Head of Delegation is not necessary for each discipline.

There is no allowance for Medical staff (Doctor, Physio, etc.) or for Team Coaches except in S&A.

Proposal

Modify 4.4.2(2) as follows:

A national delegation will be composed of:

- ❖ **Athletes as prescribed in the Competition Rules applicable to the event (i.e. the number of teams or individual competitors and their sex),**
- ❖ **A Head of Delegation,**
- ❖ **Team Managers (maximum one per team)**
- ❖ **Medical staff in relation to the size of the delegation (maximum three)**
- ❖ **A Media representative.**
