96 <sup>th</sup> FAI General Conference	October, Cracow, Poland
---	-------------------------

Dates are inclusive. (Arrival & Departure)

**Note:** It is IPC policy to progress to a multi-discipline competition format with all of the WPC events (except Paraski) being conducted bi-annually at the same venue, commencing with the World Air Games, Spain 2001.

**Mondial:** Because of the size of the competition and to allow more time to put media plans in place, bids for Mondial Parachuting Championships have a three-year lead time.
